FOREWORD

This priced Index to *American Book Prices Current* follows the pattern of the previous indexes. Note, however, that we have included *all* place names in imprints, that we have included formats, and, in a goodly number of instances, we have provided both edition and uniform titles.

The arrangement of the ABPC 1979-1983 Index is that of the annual volumes 86 through 89, covering the four years from September 1979 through August 1983. The Index is divided into two parts: Part I, Autographs & Manuscripts, includes original illustrations for printed books, documents, letters, typescripts, corrected proofs, signed photographs, and signatures, as well as manuscripts. Part II, Books, also includes broadsides, single-sheet printings, printed maps & charts and uncorrected proof copies.

AUTOGRAPHS & MANUSCRIPTS (Part I of the Index) are arranged in a single alphabet by author, by title, or by subject (e.g., Bible Manuscripts, Latin; Chronicles; Horae B.M.V.; New Jersey). Autograph manuscripts and typescripts are arranged alphabetically under the author. Preceding each price is the year of the volume (*not* the volume number) of the ABPC in which the full entry will be found, with the abbreviated form (80) for 1980, (81) for 1981 and so on. Each letter or document now is listed to begin a separate line, with more information being given on specialized or high priced items.

BOOKS (Part II of the Index) are arranged alphabetically by author whenever possible, by title when the author's name is not readily available, or by Private Press, Club, printer or publisher headings, if such are the associations which attract the collector. In general, illustrated books are listed under the author of the text. A few subject headings have also been used, such as England, Maps & Charts, Hebrew Books, and Miniature Books, or those for individual U.S. states or cities. There are cross-references to Club or Press books, to books bound together, and to books by more than one author.

Main entries under each author listing are identified by a one-em dash. Sub-entries (later states or issues, etc.) begin on separate lines without the dash. A few headings, such as the Bible listings and those for the *Rubaiyat* and *The Compleat Angler,* are arranged chronologically for the user's convenience.

Following the title of each work is the year of publication, when known; then, edition, issue or state information when pertinent; then, the format for books published before 1901; and then, in parenthesis, the year of the volume of ABPC in which the entry will be found, followed by price or prices realized, with dollar sales listed first, then British pounds, and then other currencies in alphabetical order, each in ascending order within the year concerned when there were multiple sales. The annual volumes are referred to by year (rather than volume number), with the abbreviated form (80) for 1980, and so on.

Incunabula are listed with place of printing and printer (when known) immediately following the title. The Goff number or other pertinent reference is included. Prices out of the ordinary often have immediately preceding them a clue to the reason for the variation, such as "Inscr" (inscribed by the author) or "Knight copy." Other information pertaining to condition, limitation, and extra-illustration is given when necessary to explain price variations. Errors and blunders found in the annual volumes have been corrected in this Index without comment.

Currency equivalents are as follows:

POUND STERLING: 1979-80, $2.07 to $2.37; 1980-81, $1.80 to $2.44; 1981-82, $1.75 to $1.92; 1982-83, $1.45 to $1.72

The following are expressed in terms of the value of one American Dollar —

AUSTRALIAN DOLLAR: 1979-80, .86 to .90; 1980-81, .86 to .96; 1981-82, .86 to 1.00; 1982-83, .86 to 1.00
CANADIAN DOLLAR: 1979-80, .84 to .87; 1980-81, 1.16 to 1.24; 1981-82, 1.18 to 1.20
DUTCH FLORIN: 1981-82, 2.44 to 2.72; 1982-83, 2.46 to 2.73
FRENCH FRANC: 1979-80, 4.01 to 4.38; 1980-81, 4.18 to 6.00; 1981-82, 5.58 to 6.84
GERMAN MARK: 1982-83, 2.22 to 2.45
HONG KONG DOLLAR: 1979-80, 5.11 to 4.78
SOUTH AFRICAN RAND: 1979-80, .762 to .836; 1980-81, .746 to .956; 1981-82, .97 to 1.14; 1982-83, .97 to 1.14
SWISS FRANC: 1981-82, 1.80 to 2.10

Please note that these figures are meant as somewhat simplified approximations of the currency fluctuations throughout the period, designed to give our readers a good idea of these fluctuations, not an absolutely precise bank rate.

The following buyers surcharges should also be noted: In Holland 16% and 10 cents per item; France, 16% up to F6,000, 11.5% up to F20,000, 10% above F20,000; in England 10% but 8% at Christie's and zero at Christie's South Kensington; and in the United States, 10% at most houses.

Among the people responsible for the good things in this book are Jane Mallison and Robin Williams; Bill King of Inforonics; Gerard Mayers and Audrey Smith of Columbia University Press; Marjorie Auber of Maple-Vail; and Peggy Dutton of Shiver Mountain Press.

The ABPC 1979-83 Index functions independently as a quick survey of prices and price fluctuations during the period and as a census of books and manuscripts sold. In many instances it will enable the book-knowing person to gain required information as to price, condition, and many other factors without having to refer to the annual volumes. Its chief value is, however, as a guide to the many thousands of books and manuscripts which are described in the annual volumes. For full information as to the date and place of sale, descriptions of bindings and defects and as to the contents of some autographs and manuscripts, the user should consult the full listings in the annual volumes.
